PLANNING MANAGER | PROJECT CONTROLS

## CONTACT

-  Jeddah , Saudi Arabia
-  +966 59 0052476
-  engr.atif.134@gmail.com

## EDUCATION

### B.sc Civil Engineering

University of Engineering & Technology Lahore,  
Jun 2012

### Master in Business Administration

University of the People  
USA,  
Aug 2024

## SKILLS

- Primavera P6
- Power BI
- MS Office (Excel, Word, Power point, Power Query, Pivot)
- Oracle - Costing and Billing Module Average
- Project Controls (Time, Cost & Scope)
- EPC Planning
- Resource Scheduling
- Coordination
- Cost Control
- Project Budgeting
- Adaptability
- Collaboration AutoCAD,
- Candy Software

## PROFESSIONAL SUMMARY

Planning Manager with over **15 years** of experience in project planning, project controls, and portfolio management, having led portfolios exceeding SAR 2.2 billion across healthcare, residential, and infrastructure projects.

Specialized in establishing advanced monitoring frameworks using Earned Value Management (EVM) and Power BI dashboards to support strategic planning, cost optimization, and on-time delivery across multi-program environments.

## PROFESSIONAL ACHIEVEMENTS

- Designed and implemented **portfolio-level dashboards** in Power BI (5 programs, 20+ projects), enhancing data-driven decision-making.
- Developed and enforced **SOPs** for project planning, monitoring, and control.
- Secured **SR 30 million** in cost claims and achieved approval for **10+ time extension cases**, strengthening project financial outcomes.
- Spearheaded **value engineering initiatives** to align execution with target budgets.
- Managed **technical proposal development** for new bids and tenders.
- Led IHCC through the **Integrated Management System (IMS)** certification process.
- Recognized as an **approved Planning Engineer** by top consultants, including SAK, ZFP, Parsons corporation, Red Sea, and Al-ID Engineering.

## WORK HISTORY

### Fakeeh Care Group, AHC

Planning Manager | Jeddah, KSA | Jun 2024 – Current

- Managing a **SR 2.2 billion** portfolio comprising 5 programs and 20+ projects.

Native

- Developed and implemented an **integrated monitoring framework** using Power BI dashboards and EVM to track project performance, cost, and schedule across all levels.
- Directed the project **Cost Control Function**, governing budget alignment, variance analysis, forecasting, and financial performance monitoring.
- Drove **cross-functional integration** between engineering, procurement, and construction to ensure milestone achievement, critical path adherence, and schedule integrity.
- Prepared and managed **financial and resource forecasts** for ongoing and upcoming projects in coordination with management, supporting budgeting, cash flow planning, and strategic decisions.
- Consolidated projects, programs, and portfolio performance into executive-level monthly dashboards, enabling data-driven decisions by senior management and steering committees.
- **Leads all EOT and cost claims** across projects, conducting delay analysis, preparing contractual documentation, and ensuring timely submission and follow-up.
- **Optimized manpower and equipment allocation** by continuously analyzing workload and utilization trends, reducing idle resources and improving productivity.
- **Leads a team of planning and project control engineers**, setting priorities, reviewing reports, and ensuring consistency in schedule updates and progress reporting.

### International Hospitals Construction Co. (IHCC)

Sr. Planning Engineer | Jeddah, KSA | Apr 2016 – May 2024

#### PMO – Head Office (2021 – 2024)

- Implemented standardized project control systems across ongoing projects.
- Developed recovery and revised schedules to address deviations from baseline plans.

#### Key Projects: (2016 – 2021)

- *Batterjee Medical City – Dammam* (SR 1 Billion)  
Hospital, Medical College, Staff Housing
- *DPUCC Hospital – Jeddah* (SR 74 Million)  
Client: Dr. Soliman Fakeeh Hospital
- *Diyar Al Salam Luxury Apartments Jeddah* (SR 140 Million)  
Client: Lifestyle Developers

#### Responsibilities:

- Prepared and maintained EPC baseline, recovery, and revised schedules.
- Conducted EVM analysis, tracking cost and schedule performance indicators.
- Coordinated with engineering, procurement, and construction teams for progress alignment.
- Organized risk workshops and critical path analyses to mitigate schedule risks.
- Prepared EOT and cost claims, supported by detailed delay analysis.
- Provided mentorship and technical support to junior planning engineers.

#### **RAJEH H AL MARRI & SONS COMPANY (RHM)**

**Planner / Scheduler | Al Khobar, KSA | Dec 2013 –Apr 2016**

##### **Key Projects:**

- *Haradh Satellite Fields Construction,*  
Client - SAUDI ARAMCO,

Major Scope: 24", 50 KM Main Pipeline, 6 - Remote Header, 15 well heads & flow-lines, 5 Communication towers.

- *Shaybah NGL Pipeline, BI 10-00168*  
Client - SAUDI ARAMCO

Major Scope: 36", 633 KM pipeline Earth Work - ROW, Valve station and Launcher pad, piping work, Thrust Boring

#### **ENGINEERING KINETICS (Pvt.) LIMITED (EKL)**

**Jr. Planning Engineer | Lahore, Pakistan | Jun 2012 –Nov 2013**

##### **Key Projects:**

- *Construction of waste water treatment plant*  
Client - Philip Morris Pakistan Limited,

#### **ZEALCON ENGINEERING (Pvt.) LIMITED**

**Assist. QS | Lahore, Pakistan | Aug 2011 – May 2012**

##### **Key Projects:**

- *Rapid Bus Transit System (METRO BUS LAHORE)*  
Client - Government of Punjab
